About

Dallas Baptist University is one of the oldest institutes of higher education in Texas with a rich history of academic excellence. The university offers over 60 majors for undergraduates, 19 majors for graduate students and two doctoral programs.

DBU emphasizes an education of the total person, not just training for the vocation, along with a strong focus on ethical decision making and character development in the Christian heritage. The safe and friendly community and strong support networks ensure international students will thrive both academically and personally. In addition, their on-campus ESL program will assist students with their English needs.

DBU also offers a wealth of student organizations and clubs along with 14 different intercollegiate athletic teams. Students will have no shortage of exciting things to do.

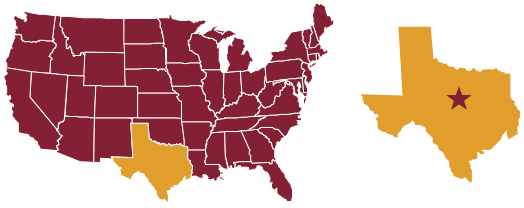
Location

Dallas Baptist University is situated on a picturesque hilltop overlooking Mountain Creek Lake just a few miles south from downtown Dallas. The campus covers 293 acres and offers a safe and secluded community within the larger "metroplex" of Dallas and Fort Worth.

Dallas has grown to be the 9th largest city in the United States and offers world class attractions and facilities including over 160 museums, galleries, and artistic attractions. Sports fans will especially love the many professional teams that call Dallas home including the world-famous Mavericks of the NBA and Cowboys of the NFL.


The climate is generally mild with pleasant winters and hot summers allowing for lots of outdoor activities such as hiking, bicycling, canoeing and boating.
