About

Seattle Central Community College is well-known as one of the best community colleges in the United States. In fact, it has been named “College of the Year” by *Time Magazine*! SCCC’s high-quality educational programs and outstanding student support make it a perfect choice for students wishing to pursue their academic dreams.

Graduates of Seattle Central have transferred to many top 4-year institutions, including Columbia University, Boston University, UC Berkeley, Dartmouth, and the University of Washington. Seattle Central also partners with many well respected 4-year colleges and universities to offer Transfer Admission Guarantees.

Students can enjoy modern facilities including the brand-new \$26 million Math and Science building, Creative Arts and Academy, and a high tech Information Technology Department.

Popular Majors

Biology, Business, Computer Science, Culinary Arts, Early Childhood Education, Health Sciences, Music, Visual Arts

Location

Seattle Central Community College is located right in the middle of downtown Seattle making it extremely easy and convenient for students to enjoy all the benefits and attractions of this great city.

Within walking distance of the campus are parks, museums, restaurants, fine shopping, a symphony hall, professional sports stadiums and other attractions. World-famous Pike Place Market and the ubiquitous coffee-houses are all nearby.

Seattle’s location on the waterfront and close proximity to nature allow for a variety of outdoor activities. Students can spend an afternoon, a day, or a weekend sailing on Puget Sound or in the San Juan Islands, skiing in the nearby mountains, or hiking and camping in one of three world-famous National Parks.
