About

Wilbraham & Monson Academy is located on 300 acres of farmland and wooded hillsides. The Academy offers students a caring and supportive staff, a positive learning environment and a rigorous curriculum designed to help every student reach their full potential.

With a 200-year heritage, Wilbraham & Monson is proud to offer students the benefits of a historic school with the ability to adapt with the changing world. The Academy strives to provide every student with an excellent education with state-of-the-art learning facilities and courses offered through the Center for Entrepreneurial & Global Studies that teach students the importance of globalization in today's world.

The Academy also offers a variety of clubs and sports to participate in that helps complement every student's education and development.

Curriculum

The Academy is dedicated to giving students the skills and knowledge to excel in higher education and their future lives. Many courses focus on the changing world and the need for globalization. The Academy offers a full complement of AP courses as well as the only high school stock and bond trading floor where students can learn about today's economy.

Location

Wilbraham & Monson is located in Wilbraham, a quiet suburb of Springfield, MA. Springfield is a large city on the Connecticut River that offers students plenty of cafes, restaurants, parks and recreational areas to relax.

The Academy is close to Smith College, Mount Holyoke College, University of Massachusetts, Amherst College and Hampshire College, which are all within 30 minutes of campus and provide students with a wealth of academic, athletic and cultural opportunities.

Wilbraham & Monson Academy is located about 2 hours from Boston and 3 hours from New York City, where students have exciting opportunities to experience American culture and history.
